

Established in 2003 in Guangzhou, SIGN CHINA pioneered the combination of indoor and outdoor format printers, engravers, exhibition and display equipment, as well as LED displays, components and lighting into a single comprehensive sourcing platform for the sign industry. Nine years of global promotion and brand building has made it one of the highest-profile and influential sign events in the world. Moving into its 10th anniversary, SIGN CHINA will continue its mission of creating the most complete and high-quality showcase of the sign industry production supply chain for exhibitors and visitors.

SIGN CHINA 2012 will take place from **20-23 February 2012** at the **China Import & Export Fair Pazhou Complex, Area B in Guangzhou**. It will comprise 5 specialized sections in 10 halls, with a projected **1,600 exhibitors** occupying **100,000 square metres** in exhibition space.

Whether you are interested in sourcing new products in China, or exploring new opportunities in Asia, or experiencing the dynamic markets in the region, **SIGN CHINA** will be the event you must attend!
